2016-2017 CHS TRANSITION STUDENTS WITH ADDITIONAL LEARNING AND WELLBEING NEEDS PARENT INFORMATION EVENING

Dear Parent / Caregiver,

As a part of the Clare High School Transition Program we are offering a Parent Information Session to inform and discuss the processes used for students with additional learning or wellbeing needs.

This session will be held on Wednesday 23rd November at 6:00pm in the School Resource Centre (the building closest to the corner of Blyth Rd and Elliot Street).

This evening will cover the educational process of Negotiated Education Plan (NEP), Inclusive Curriculum Plan (ICP) and students requiring some learning assistance at Clare High School. We will explain how students who receive support at Primary School may still be able to receive support. We will also be able to provide you with information about other learning support and intervention programs at Clare High School. Our Wellbeing Coordinator will also be present to discuss with you any social, emotional or wellbeing issues/needs that impact on your child and the processes and support available at CHS to assist them.

We believe it is important for a smooth transition to occur, therefore the more information we have about your child allows us to employ strategies to maximise their learning and wellbeing. After the session you will have an opportunity to ask questions and discuss and share your individual child’s needs.

For students with additional learning needs, A Transition Information for a student with an NEP/Learning Difficulty form was sent out to parents and teachers to be completed by both the classroom teacher and the parent/caregiver to provide us with detailed information to ensure a smooth transition for your child. If you have any queries do not hesitate to contact me at Katie.liebelt326@schools.sa.edu.au

There is also a general Transition Parent Evening prior to the two day visit Wednesday evening the 30th of November at 7:00pm in the Clare High School Gym (off Blyth Road) for general information to parents/caregivers of transition students.

Thank you,

Katie Liebelt
Transition Coordinator
